Now students' English handwriting(书写) gets worse and worse. That makes their teachers feel worried. Is your English handwriting beautiful? 65

Use paper with lines

When you write English words or sentences, you can use paper with lines. That will make your handwriting straight. 66 Be sure to fill the lined space completely. And make sure those capital letters (大写字母) are written properly.

Slow down

If your writing is hard to read, just slow down a little. 67 If you write too quickly, it's hard for you to stop where you should, and you may make more mistakes easily. 68

When you hold your pencil in the correct way, writing is much better. Some kids press down really hard when they write. That makes the handwriting bad. Try to be relaxed and don't hold the pencil so hard. Let your writing appear nice and clean. If you do so, people will guess you are a student with a good habit.

Draw more pictures

69 While you are drawing pictures, you need to use the skills to control (控制) your pencil better. Even though you have no chance to draw at school, you can practice by drawing at home.

Handwriting is very important. Imagine you are a famous movie star or a well-known sports player, what do you do when your fans run up to you? Give them your autographs (亲笔签名), of course!

- A. If not, here are four steps that really work!
 - B. **Hold your pencil right**
