W: Better not. What if someone needs them?

M: What's your plan?

W: We can give them to people who need them.

M: What's the problem?

W: I found a pen pal three months ago. Her name is Emily and she is going to visit China.

W: Oh, I see. What will you write about, then?

M: No idea. There are so many useful inventions.

W: What about the washing machine?

M: It's a good idea. I'll search for some information online.

Are you looking for something fun and would you like to help others in your free time? Hand in Hand is a volunteer group for students over 12 years old. Volunteering isn't an easy job, so everyone will have one month of skill training first. On Wednesday afternoon, animal lovers will go to the animal hospital to take care of animals. On Friday afternoon, book lovers will go to the library to help kids read books. On Sunday morning, some members will go to the old people's home to help them do some cleaning. One possible version:

In my hometown, there are many places for me to have fun. But the Home Library is my favorite. For me, it's the quietest and most comfortable place to read books. It opens 12 hours every day, from 8:00 a. m. to 8:00 p. m., to all the villagers, for free. It closes on holidays.

It lies in the east of my hometown with an area of 1,000 square meters, including three floors. On the first floor, there are many books for children, such as storybooks and picture books. On the second floor is the Newspaper and Magazine Reading Room. We can read different kinds of newspapers and magazines there. The E-reading Room is on the third floor. I often go there to surf information online.

In a word, the Home Library is so far the best place for me to go in my free time because I can really enjoy myself there.

Welcome to my hometown and I'll show you around it.
