- Turn off the lights and TV set when you leave the room. This can save a lot of electricity.
- Turn off the tap when you brush your teeth. You can save some water by not letting it run.

Also, use a glass cup instead of a paper cup because this saves paper.

- Give your old books and magazines to a library instead of throwing them away.
- Give your old clothes to poor children you know instead of throwing them away.
- Use both sides of paper.
- Stop pouring dirty water into the rivers or lakes nearby.

Denmark (丹麦): A flag is flown outside a window to show that someone who lives in that house is celebrating the birthday. Presents are placed around the child's bed while he is sleeping so he can see them immediately when he wakes up.

Holland (荷兰): The birthday child receives an especially large present. The family also put flowers or balloons on the birthday child's chair to make it beautiful.

India: Usually Indian children wear white to school. However, the birthday child wears colored clothes to school and gives out chocolates to everyone in the class. His/Her best friend helps do this.
