our school. I hope you will enjoy your time with us. Every morning from 8:30 to 11:30 you will be in the classroom learning English. We will have lunch in the school. There is a lot of delicious food, and there is fast food, too. In the afternoon and evening you are free to do what you want and you'll be able to do some sports with the students. If you need to see a doctor, the school will take you to the hospital. Next, some news about your exam. Don't be too worried about this. The exam is not very difficult. How time flies! Three years has passed since I came to the secondary school. During the past three years, I have learned a lot and grown a lot.

First, I should say thanks to my dear parents. They take good care of me without any complaint. They work hard to support the whole family. They are always trying their best to make me try to live a better life. Second, I thank all my teachers for their great help and support. They are patient enough to spend time explaining problems to me. Besides, they always encourage me when I am in trouble. It's unselfish of them to devote their time to education. Finally, I also feel thankful to my classmates. We study together and share things each other. We often help each other and learn from each other. As a result, we have made great progress.

I think I have so much love and care. I will never forget these happy days together. I'm going to do well in the future so that they can be proud of me.
