One Possible Version:

When I was young, I wanted to be a star. At the time, I thought it felt good to be popular. But now, I'm dreaming of being a doctor. Two years ago, I got ill badly. It was my first time to be in hospital. I was both scared and worried. Luckily, I met a great doctor. He told me there was nothing serious with me and cheered me up every day. With his help, I got well in one month. I have dreamed of being a doctor like him since then. What's more, during the period of preventing the spread of the COVID-19, thousands of doctors worked hard to save patients' lives. Their actions have made me decide to be a doctor. To achieve my dream, I'm studying hard and I hope to go to a medical university in the future. I'm sure my dream can come true through my efforts.
