Difficulties Help Me Grow Up

Life is full of difficulties, and we will meet all kinds of difficulties. But as long as we have confidence and are good at learning, we will succeed in solving those difficulties.

I remember when I first learned to ride a bicycle, I couldn't do it well. I told my father about the difficulties. My father told me to be careful and keep trying. He also told me that I could do it. After hearing what he said, I tried my best to learn. Finally, I succeeded in learning to ride a bicycle.

I will never forget that experience. It makes me understand that difficulties help me grow up.
